BURNETT RESEARCH LABORATORY

We consistently strive to ensure the purity and authenticity of all our products, including dilutions, mother tinctures, biochemic medicines, and homoeopathic combinations. Furthermore, our laboratory's adherence to Good Manufacturing Practices (G.M.P.) has significantly enhanced the quality of our products. In homoeopathy, successful treatment relies on maintaining a high standard of purity and authenticity in medicines and selecting the appropriate remedies from the most trustworthy suppliers.

BURNETT'S HOMOEOPATHIC DILUTIONS

Our Potential Dilutions are prepared from original back potencies imported from the U.S.A. and Germany. We ensure strict adherence to the scientific formulas outlined in the Homoeopathic Pharmacopoeia. Furthermore, we utilise sterilised bottles, corks, and caps to maintain the highest quality and hygiene standards.

BURNETT'S MOTHER TINCTURES

Our Mother Tinctures use imported herbs and adhere to all pharmacopoeial guidelines. Additionally, our Mother Tinctures, prepared from indigenous Indian herbs, are made from freshly procured herbs, following the same rigorous principles and under the direct supervision of expert botanists, chemists, and qualified professionals.

BURNETT'S BIO-CHEMIC MEDICINES

Our Biochemic Medicines are prepared from high-quality imported Back Potencies and the finest Sugar or Milk (H.M.S.). We want to bring to the attention of Homoeopathic Practitioners, informed individuals and students the adaptable and effective methods that can be utilised without any adverse effects for various common ailments. Notably, all our combinations have gained widespread recognition and demand nationwide, increasing their popularity significantly.

Please Carefully Note the Following Points:

- We deal with all sorts of homoeopathic Medicine, such as patents, Potentised Medicine, mother tincture, Biochemic, Hair Tonic, etc. We don't deal with Books and Sundry Goods.
- We do not accept liability for any loss, damage, or shortage that may occur during transit. All goods will be dispatched using reputable transportation services only.
- Order payment must be made through a demand draft, which can be drawn from any valid and government-approved bank in the country. Alternatively, payment can be made in advance against the order's net value using the core banking system, U.P.I. interface, or net banking.
- Customers must pay both CGST and SGST at the time of purchase. Customers must be aware that the G.S.T. rates differ based on the category of products. This awareness will prevent any confusion during the purchase. Specifically, for biochemicals, bio-combination, mother tinctures, dilution medicines, etc., the total G.S.T. rate is 5%, including CGST and SGST. For other categories of products, such as Homeopathic Combinations, Lotions, and Creams, the total G.S.T. rate is 12%, including CGST and SGST.
- Freight On Road (F.O.R.) is available for orders with a net value of Rs 10,000/- or more for Burnett' Products within West Bengal. Freight On Road (F.O.R.) is available for orders with a net value of Rs 12,000/- or more for Burnett' Products outside West Bengal.
- Any complaints regarding the supply of goods must be reported within three (3) days of receiving the consignment, accompanied by the packing slip.
- Prices are subject to change without prior notice, and invoices will reflect the rates prevailing at the time of actual supply.
- All disputes shall be resolved exclusively in the Court of Kolkata.
- Correspondence should be directed to our Head Office at Burnett Research Laboratory, 165 B.B. Ganguly Street, Kolkata – 012, West Bengal.

BURNETT RESEARCH LABORATORY

BEST-IN-CLASS & AFFORDABLE HOMEOPATHY MEDICINE

THE ULTIMATE CHOICE FOR HOMEOPATHIC MEDICINE

At Burnett Research Laboratory, we are committed to ensuring the purity and genuineness of all our products, including dilutions, mother tinctures, biochemic medicines, and homeopathic combinations. Our laboratory's conversion to the Good Manufacturing Practice (GMP) process has significantly enhanced the quality of our products. In the field of homeopathy, successful treatment relies heavily on the high standards of purity and genuineness of medicines and the correct selection of products from the most reliable suppliers. We encourage you to visit our website at burnettresearchlab.com for more information, empowering you with knowledge about our commitment to product quality and the transition to the GMP process.

BURNETT'S HOMEOPATHIC DILUTION

Our Potentised Medicines or Dilutions are prepared from authentic, imported original back potencies from the USA and Germany. In the preparation process, we strictly adhere to the scientific formulas outlined in the Homeopathic Pharmacopoeia. Furthermore, we utilize sterilized bottles with cork caps to ensure the highest quality and safety standards.

BURNETT'S MOTHER TINCTURE

Our Mother Tinctures are meticulously crafted using only high-quality imported herbs, strictly adhering to the guidelines outlined in all relevant pharmacopoeias. What's more, our Mother Tinctures, prepared from indigenous Indian herbs, are meticulously created with freshly sourced herbs under the direct supervision of expert botanists, chemists, and qualified professionals, guaranteeing the highest standards of quality and consistency.

BURNETT'S BIOCHEMIC MEDICINE

Our biochemic medicines are prepared using high-quality imported potencies and the finest sugar or milk (HMS). We want to bring to the attention of homeopathic practitioners, intelligent people, and students our versatile and effective method that can be utilized without any adverse effects of various common ailments. Notably, all our biochemic combinations have gained widespread recognition and are in high demand, with their popularity increasing rapidly.

TERMS & CONDITIONS

- We specialize in a wide range of homeopathic medicines, including patents, potentized medicines, mother tinctures, biochemic, and hair tonics. Please note that we do not deal with books or sundry goods.
- We are not responsible for any loss, leakage, breakage, shortage, pilferage, or other issues that may occur during the transit of goods. All goods will be dispatched exclusively through reputed transport services.
- Order payment must be made via demand draft payable at any valid and government-approved bank in the country or in advance against the order's net value through the core banking system, U.P.I. interface, or net banking.
- At the time of purchase, customers must pay both CGST and SGST. Customers must be aware that the G.S.T. rates differ based on the category of products. This awareness will prevent any confusion during the purchase. Specifically, for biochemicals, bio-combination, mother tinctures, dilution medicines, etc., the total G.S.T. rate is 5%, including CGST and SGST. For other categories of products, such as Homeopathic Combinations, Lotions, and Creams etc, the total G.S.T. rate is 12%, including CGST and SGST.
